IMPORTANT INFORMATION

- Do not use in conditions of high humidity, rain, or direct contact with water.
- Use only the original power supply – using an incorrect adapter may cause malfunction or safety hazards.
- The product is intended for temporary display use.
- It is recommended to use protective interlayers and store the print under stable conditions: dry room (humidity approx. 40–50%), room temperature 15–25°C. Prints should be stored in a way that minimises the risk of bending, creasing or pressure and should not be exposed to direct sunlight.
